

Speeding Autos Almost Cause A Catastrophe

Three Young Folks Are Painfully Injured and Two Cars Are Wrecked—Several Have Narrow Escape.

Miss Rose Williams, Will Bloomer and Frank Wynn were painfully hurt and four others had very narrow escapes Thursday night about o'clock, when a large Buick touring car crashed into a Ford sedan on West Main street between Tenth and Eleventh.

From the best information obtainable, it happened about this way:

Sebe Rice, Ragnal More, and Misses Belle Clark and Mamie Cox were coming east on Main returning from a party, and about Twelfth street came alongside a Willys-Knight going in the same direction, being driven by Bob Richmond. The two cars were going at a lively clip, and in trying to outdo the other, they went the same time and hit. The Ford sedan, driven by Frank Wynn, and having as passengers Miss Rosa Williams and Will Bloomer on their way to the young lady's home. The driver of the service car saw the two nearing cars, and noticing that they were taking

up the larger portion of the road and moved to guide his car out of the way to the right, even going up almost onto the curb in his endeavor to avoid a collision. However, the Buick met the smaller car almost head-on and knocked it completely around and up onto the curb, the larger car also turning around facing west and coming to a stop about thirty-five feet from the other.

The wreck of the Ford was piled up on the walk in front of the residence of T. E. Burns, and as soon as aid came the three injured occupants were taken into the Burns home, medical aid was summoned, and they were later removed to their homes. Miss Williams suffered severe cuts and bruises about the head and face and some bruises on the body. Wynn and Bloomer also received painful cuts and bruises, but not so badly injured as the young lady. Through some miracle the occupants of the Buick were none of them hurt.

though a few scratches were sustained.

The Ford is a total wreck and nearly worthless, while the Buick is damaged to the extent of several hundred dollars. The Buick was the property of Clarence Cordell and had been loaned to the young folks.

ONLY PRAIRIE HAY

Prairie hay only with a price to the producer of \$16 per ton, is the only kind on the local market or being brought here. At present there is no alfalfa and the price, should there be any, is almost prohibitive being \$38 or more per ton.

NUT CROP A BIG ONE

Indications point to the heaviest yield of nuts in this section there has been in years, for pecans, hickory nuts and

walnuts are plentiful, and as everyone seems to be afraid someone else will get ahead of him, pecans are being threshed off the trees without waiting for a frost. They are bringing 15c to 25c, according to quality.

PEANUT PRICE

The Durant Cotton Oil Company this week offers peanut growers \$1.50 per bushel for good, sound nuts. This is the first official quotation of the

SAVED BY A FAITHFUL WIFE

Suffered Thirty Years With Stomach Trouble and Hemorrhages of the Bowels.

The Story of a Wonderful Recovery

There is hardly any one who does not experience some trouble with the stomach. It is so common that we frequently pay little or no attention to it. Yet, the stomach is very easily upset, and catarrhal inflammation of the mucous lining develops, grows worse—the pain and distress is incessant and the truth dawns that we have chronic stomach trouble.

The case of Mr. Louis Young, 205 Merrimac St., Rochester, N. Y., is typical. He writes: "I suffered for thirty years with chronic bowel trouble, stomach trouble and hemorrhages of the bowels. We bought a bottle of Peruna and I took it faithfully. I began to feel better. My wife persuaded me to continue and I did for some time as directed. Now I am a well man." Mr. Young's experience is not unusual.

If you suffer from catarrh in any form, whether of the head, stomach, bowels or any other part of the body, try Peruna. It may be just what you need. Peruna comes in either liquid or tablet form and is sold everywhere. Your dealer has it or will get it for you. Ask for Dr. Hartman's World-Famous Peruna Tonic and insist upon having it. If you want your health accept nothing else.

All the sick and suffering are invited to write The Peruna Company, Dept. 78, Columbus, Ohio, for Dr. Hartman's Health Book. The book is free and may help you. Ask your dealer for a Peruna Almanac.

The tractor that does more work more days in the year

The Cleveland Tractor

Most of us are accustomed to only consider a tractor from its ability to plow and the number of plows it pulls. As a matter of fact most any tractor will do a fair job of plowing, so we should look deeper into its ability to do the many other things necessary to make it a paying investment for the farmer.

The usefulness of the Cleveland has just started with plowing. It can and does do the many other farm jobs and does them cheaply, quickly and better than most any tractor we know of.

After the fall plowing is over it finds many things waiting for it. There is the dragging and grading of roads—a big job for Oklahoma farmers and one that the Cleveland is especially adapted for.

Hundreds of farmers are using their Clevelands to pull their mowers. Others haul their hay and other crops with the Cleveland. It is used to haul other heavy loads to fill silos, spread manure, pull stumps, saw wood and in fact do all the jobs around the farm formerly done by horse and stationary power.

Get your Cleveland now and be ready for your spring plowing.

We have an interesting and instructive book, "Selecting Your Tractor," that you would appreciate reading. It goes thoroughly into the tractor problem. Send for your copy today. It is free.

The Cleveland Tractor is sold in this Territory by

Norval Osburn, Durant, Oklahoma

Your Chance to Buy CHEAP FEED

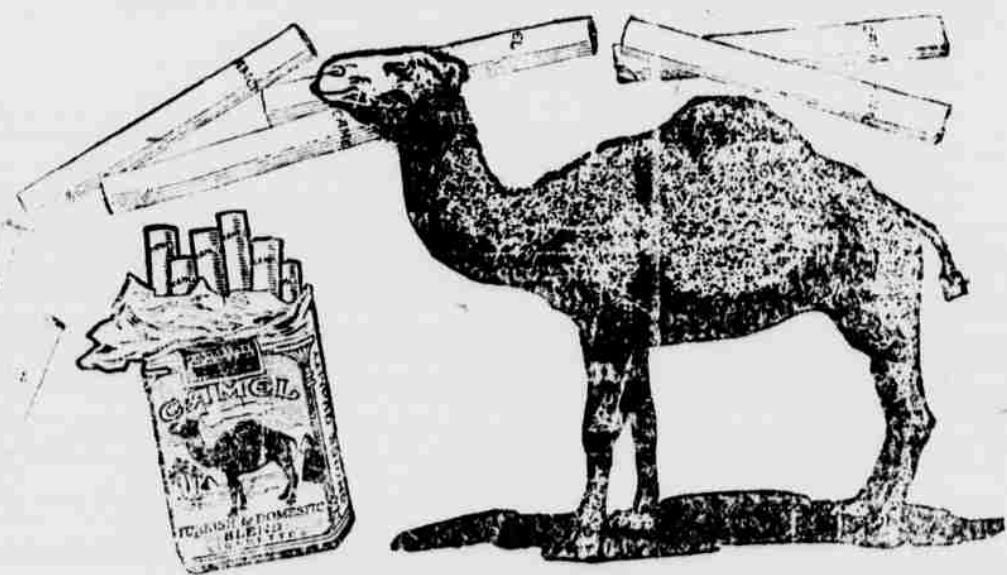

In order to make necessary changes in our hull house we have decided to reduce price on hulls for next two weeks to \$10.00 per ton.

For the purpose of cleaning up stock on hand we will reduce the price of "Durant" mixed feed to \$1.60 per sack.
